Blurb

I do not remember when I wrote the first poem, nor did I ever feel like getting a book of poetry published. But when I started posting my poems on social media then people appreciated my writing, and many people asked to get the book printed, nowadays it is also the fashion of getting the book printed. Then I decided that all my poems or lines, good or bad, half or full, should be collected in the form of a book and this is how I got the inspiration to publish the first book.
